Zentherapy®

ZENTHERAPY® recognizes that from birth to death, life is flow of energy. This energy takes shape by our attitudes, our emotions, and our bodies. Zentherapy® releases the natural form of the body from the abberations caused by physical, chemical, psychological and spiritual traumas.

...
ZENTHERAPY® IS A SYNTHESIS from Eastern and Western cultures . Many different methods and techniques are used to process the body; this includes the work of my teachers Ida Rolf, Moshe Feldenkrais, Lauren Berry and Raymond Nimmo. Tanouye Rotaishi's teachings are an underlying source of all Zentherapy® trainings.

CONSCIOUSLY EXPERIENCING and using universal energy is what makes Zentherapy® unique. The Zazen training is basic to this work.

...
IT IS THE GOAL OF ZENTHERAPY® for both the practitioner and the client to become as a child: **free of fear, hate, greed and pain. Fully living each moment by moment.**
